DIRECTORS CORNER

I would like to welcome you to another issue of Shelby Life, where as being the Operating Director it is my belief that the general membership should have a little understanding of what is going on in the club and why. I feel that the best way to accomplish this is by coming to the club meetings or by reading Directors Corner to understand my thoughts and ideas.

Since this is our last issue of SHELBY LIFE for the 1992 season I would like to take this time to hope that everyone had a terrific holiday season. I would like to recap the activities that we all had a chance to participate in the last three months. First there was our Waterford Hills track event which had excellent weather and a turn out of around 37 cars. John Guyer and his wife Trish were there with a large pot of Carroll Shelby's Chili to feed all the people who came out to race or to work which went over very well, a new club tradition, hmmmmmm will have to see.

The following week there was the Grattan track event that was a joint effort of the Lotus Car Club along with the Shelby Club, the turn out was low due to the new event and getting a late start on advertising. This event was two days long and you could easily put over 100 miles on your car a day on the track. Will we be doing this event for 1993, I would hope so.

The next event we had planned was the Fun Run Road Rally, but due to the lack of interest and the amount of work that it takes to put one of these babies on we had to drop it, and maybe try again next year. Now one thing that was a big success this December was The Shelby Clubs first solo Christmas Party. It took 17 years to have our own party, so we did this one up right!!!!!! The food was great along with all the Club members who came out and enjoyed the entertainment which was better than any other Christmas party I have ever been to, and is definitely something that we must do for next year for all those hard working club members.

The Board of Directors have some big plans for the 1993 season to make this year even better than any of the previous years. For starters SHOW & GO 18 will be bigger and better with more time for advertising to take hold and also some very unique cars that are scheduled to show up. The Shelby Club is setting up a convoy that is going to S.A.A.C. 18 which is in Watkins Glen New York stay tuned for more information or stop in at the next club meeting. There is a good chance that we will be finding a new meeting location, so here's your chance to give some input.
