

# SHELBY WIDE BODY 2005 - 2009

## 2005 - 2009 Wide Body Option

For customers who are looking to plant more power to the pavement, Shelby American is now offering the new Wide Body option. This option adds approximately 6" of tire to the rear and 3" of tire to the front. The Wide Body option is available for 2005 and later Mustang and GT500 as well as every current Shelby product.

Available in rear-only or complete four quarter panel conversion, the Shelby Wide Body was developed exclusively by Shelby American to improve on performance and styling aspects of the 2005 to present Mustang and GT500. Built using light weight fiberglass components and extraordinary craftsmanship, the Wide Body option is now available to give your vehicle the extra performance and styling to merit the Shelby brand.
